

VOG Extra Virgin Olive Oil Soap

Handmade from Australian 100% Extra Virgin Olive Oil, our soap maker's ancient "cold-pressed" method creates gentle aromatic soap that effectively cleanse the pores and, because olive oil doesn't fully saponify in the soap-making process, leave a light breathable covering of oil on the skin which nourishes and acts as natural moisturiser .VOG EVOO Soap is rich in proteins, minerals, vitamins and essential fatty acids.

Mild and non-drying to the skin, VOG Extra Virgin Olive Oil Soap nourishes, protects, and lasts longer than most other vegetable, animal and mineral oil soap. There are no artificial or secondarily added cleansing, foaming, petroleum or preservative substances in VOG soaps. Two distinctive choices are available.

About VOG

VOG produces very good quality 100% extra virgin olive oils that has consistently been internationally awarded as amongst the top 3% of the best EVOO in the world.

VOG EVOO are sold in exclusive fine food stores and are supplied directly to discerning clientele around the world.

French Clay & Olive Oil 110g

Pure essential oils provide texture, a beautiful aroma and colour.

The French Clay acts as a mild exfoliant and will draw impurities from the pores.

Cinnamon & Bay Castile Soap 110g

Suitable for sensitive skin and gentle even for baby skin, with the inclusion of a popular aromatic spice, cinnamon.

For many customers this is the first soap they have been able to use without skin hypersensitivity. (We make no medicinal or therapeutic claims, however, and if you have sensitive skin, please try our products with care).

VOG Extra Virgin Olive Oil Soap is Exclusively Distributed in Asia by International Marketing Associates (I.M.A) Pte Ltd (CR 200406363D)
